Pulizia

Spolverare delicatamente e in caso di macchie lievi passare la superficie con un panno umido o con una soluzione di detergente neutro, risciacquando con acqua, senza strizzare. Per le macchie localizzate e più ostinate (olio, grasso, cosmetici, inchiostri, caffè, liquori, chewing-gum ecc.) si consiglia di seguire le seguenti istruzioni: disciogliere tempestivamente la macchia con alcol etilico diluito (liquido incolore) in acqua al 20%, tamponare e trattare successivamente con una soluzione di detergente neutro, risciacquare bene.
I colori chiari, non devono essere messi a contatto con tessuti e capi d'abbigliamento trattati con coloranti non fissati, o con scarse solidità di tintura, onde evitare macchie ed aloni di coloranti di cui non possiamo garantire la pulitura.

Sistema fissaggio a muro

Importante

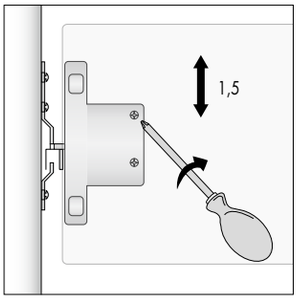

si consiglia fortemente di verificare lo stato e la natura del muro dove appendere i pensili scelti, al fine di valutarne la reale possibilità di utilizzo e, in caso affermativo, scegliere e fornire la tipologia di viti e tasselli più idonea ad assicurare un fissaggio stabile e sicuro.

larghezza vano ante: 240
calcolo montante: (285–240) / 2 = 225

La misura in altezza del RACCORDO ORIZZONTALE (B) si ricava nel seguente modo:

(altezza disponibile – altezza vano ante) + 1

esempio: altezza diponibile: 270
altezza vano ante: 257,3
calcolo raccordo: (270–257,3) – 2,6 = 10,1

Portale di chiusura per vani cabina

Il portale chiusura per cabine è costituito da ante scorrevoli con telaio in alluminio, il sistema di scorrimento è costituito da binari in alluminio che possono a scelta essere fissati esternamente a parete o a soffitto.
Dotato di grande flessibilità il portale può essere utilizzato in qualsiasi situazione dimensionale, sia per soluzioni a misura di chiusure di nicchie/cabine o anche per divisione di ambienti.

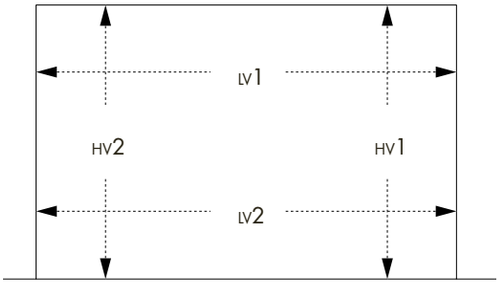

Anta a 2 finestre

Per lo sviluppo dell'ordine delle ante dovrà essere fornita la misura precisa del vano, sia in larghezza che in altezza, con almeno due rilevazioni per parte, tenendo presente che la tolleranza per il montaggio è al massimo di 0,5 cm

Esempio sviluppo portale di chiusura per vani cabina

Sviluppo

si supponga di avere un vano da chiudere di larghezza 350 cm e altezza 270 cm

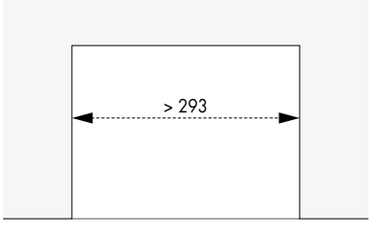

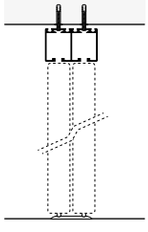

nota: le misure 350 cm e 270 cm sono le minime misure rilevate da almeno due misurazioni per parte

verrà sviluppato il sistema con binario a soffitto, in quanto la larghezza vano è superiore a 293 cm

lunghezza del binario a 2 vie = lv – 0,2 = 349,8 cm

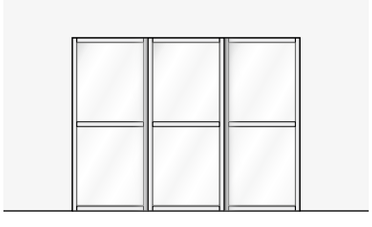

Soluzioni

nel caso di chiusura con ante a 2 finestre verranno realizzate 3 ante di 116,3 cm

larghezza anta = (lv – 1,1)/3 = 116,3 cm con profili di compensazione

Perfezionamento del contratto

l'ordine del cliente vale come proposta di contratto irrevocabile alle seguenti condizioni generali e la conferma d'ordine scritta dell'azienda vale come accettazione di contratto alle medesime condizioni generali e alle condizioni particolari di vendita di volta in volta pattuite.

Contenuto dei listini e dei cataloghi

le indicazioni tecniche, misure, prezzi, illustrazioni riportati in listini e cataloghi sono meramente indicativi per l'Azienda che si riserva il diritto di modificarli in qualsiasi momento e a suo insindacabile giudizio al fine di migliorare la qualità e la resa tecnica del prodotto. i prezzi indicati sono al netto di IVA e comprendono le spese di trasporto, ma non le spese di montaggio e di installazione del prodotto.

Trasporto

la merce si intende resa franco destino. Il cliente, in ogni caso, ha l'obbligo di verificare la merce all'arrivo e di presentare eventuali contestazioni scritte al vettore o all'Azienda, comunque, non oltre 8 (otto) giorni dall'arrivo della merce. Il documento di trasporto firmato al momento dello scarico vale come dichiarazione di esatta corrispondenza di quanto in essa indicato.

Termini di consegna

i termini di consegna indicati nella conferma d'ordine sono meramente indicativi. In caso di ritardi, sospensioni o annullamenti, è escluso ogni tipo di indennizzo.

Pagamenti – mancati pagamenti

modalità e termini di pagamento sono indicati nella conferma d'ordine. i pagamenti devono essere fatti al domicilio dell'Azienda e non possono essere sospesi o ritardati, neppure in parte, per nessun titolo, motivo o reclamo. il ritardato o mancato pagamento, come pure la diminuzione delle garanzie fornite dal cliente, determinano la sua decadenza dal beneficio del termine e autorizzano l'Azienda a richiedere l'immediato pagamento dell'intero credito vantato e/o a sospendere le consegne e/o a risolvere i contratti in essere.

Garanzia

per i difetti del prodotto imputabili all'Azienda si applicano le normative vigenti. è esclusa ogni responsabilità per danni conseguenti al montaggio del prodotto e/o derivanti da qualsivoglia intervento di terzi. non sono vizi coperti da garanzia le venature del legno, gli assestamenti del legno dipendenti dagli eventi atmosferici e, in genere, tutti i cambiamenti naturalmente derivanti dalla lavorazione del legno. Inoltre, uniformità e costanza cromatica dei materiali usati, come ad esempio, tessuti, pelli, essenze, lacche, vetri ecc, possono variare nel tempo, per cui eventuali differenze di tonalità non costituiscono motivo di contestazione.

Restituzione e sostituzione merce

le restituzioni di merce devono essere preventivamente autorizzate per iscritto dall'Azienda. le sostituzioni in garanzia avvengono con emissione del solo documento di trasporto per i prodotti di valore netto totale non superiore a € 250,00. l'Azienda si riserva il diritto, a suo insindacabile giudizio, di richiedere la restituzione della merce.

Riserva di proprietà

la merce si intende di proprietà dell'Azienda fino al completo pagamento del prezzo, con espresso richiamo agli artt. 1533 e ss c.c. se il cliente non adempie alle scadenze stabilite, l'Azienda ha facoltà di ritirare la merce coperta da riserva di proprietà, senza bisogno di pronuncia giudiziale e con diritto di trattenere i pagamenti ricevuti come compenso per uso materiale e risarcimento danni. se il cliente ha già venduto la merce, l'azienda si surroga nei suoi diritti verso l'acquirente e l'eventuale ricavato della vendita è detenuto dal cliente a nome e per conto dell'Azienda e ad essa prontamente trasmesso. sono a carico del cliente i rischi da perdita o danni per qualsiasi causa subiti dalla merce. il cliente deve ottemperare agli oneri e alle formalità dettate in tema di riserva di proprietà dalla legge del luogo di vendita della merce.

Foro competente

per ogni controversia su interpretazione ed esecuzione del contratto è competente esclusivamente il foro in cui ha sede l'Azienda (tribunale Treviso).

Trattamento dei dati personali

il cliente autorizza l'Azienda al trattamento dei dati personali a norma dell'art. 13 D.Lgs 196/2003.
